# FAQ

A woman with dark hair in a ponytail, wearing a red sports top and teal leggings, is running on a treadmill. The treadmill has the brand name 'STEP'N' on its front. The background is a dark grey with a complex, light grey geometric pattern of triangles and lines. A green, fan-like shape emanates from behind the treadmill.

Why are my rewards growing slowly?

If you Sell Shoes too often, your daily production drops.  
Also, TVL can cause lower daily percentages.

# FAQ

Is Re-Buy more than once a day better or worse?

Re-Buy means compounding, so more times you compound, better will be. If you re-buy 2-3 times a day your compound effect will be better. For lower amounts always remember to see txn fee impact.

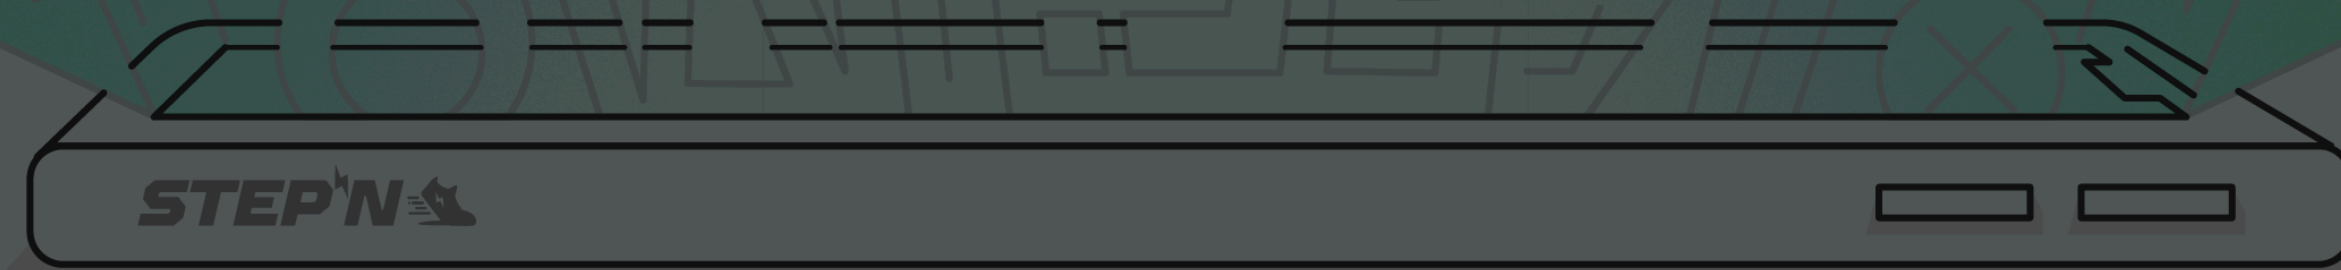

# FAQ

How long will the contract pay out rewards?

The contract will always pay out rewards as long as there is balance in the contract.

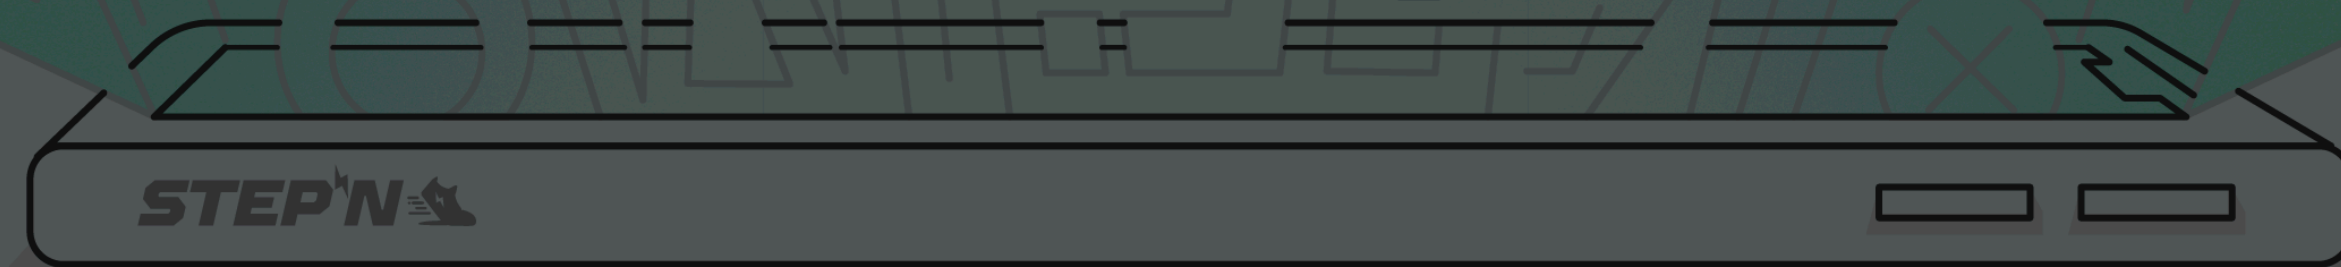

# FAQ

Can I get my initial back?

StepnFinance is a locked reward pool, so you will be able to withdraw the daily rewards only.

# FAQ

Where can I get my referrals?

On STEP.NF.COM you can find your referral link to share with your friends to earn 13% of their initial deposit as a referral commission. Your referral fee will be added in 'your rewards' sections and you can re-invest it (re-bake) or withdraw it.

# FAQ

Is StepnFinance sustainable?

Yes. There will always be rewards if there is TVL. The people that decide to sell too much will be heavily punished getting lower and lower rewards. The most profitable strategy over time is commonly accepted to be the 9/1 strategy, 9 days re-buy and 1 day sell.

# FAQ

What is the best strategy?

We encourage you to use the battle-tested 9/1 strategy. It is known to provide the best results and receive the initial back in 3-5 weeks. After that period, only profit.

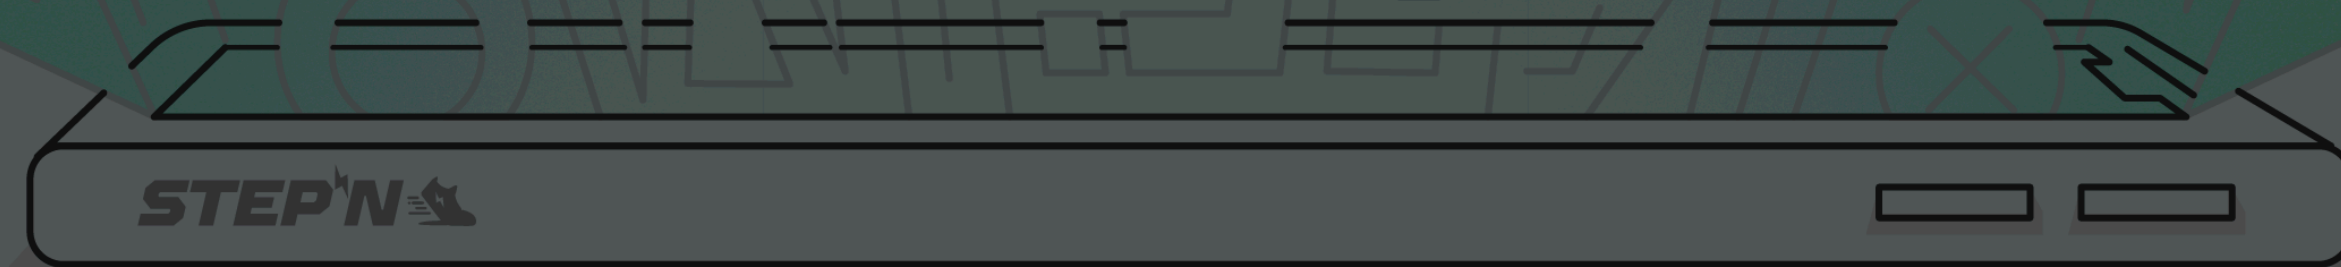

# FAQ

## What prevents a rug pull?

The contract is immutable, so once deployed (at the launch of the StepnFinance platform), it will always be the same. You can see it on BSCScan.

# FAQ

Am I late? Can I still invest?

The team is constantly working to make StepnFinance the biggest BNB reward pool community of all the time. A lot of marketing is planned and the best way to increase the probability of making great profits is to invest as soon as possible.

The StepnFinance contract is studied to dramatically decrease the reward production if someone decides to sell too often and not follow the optimized 9/1 strategy.
